

USEP COUNTER PROPOSAL #1

Dual Enrollment Compensation Bonus MOU

December 13, 2018

Dual enrollment allows eligible students to have the opportunity to earn college or technical credit at local colleges. A dual enrollment student is simultaneously enrolled in both high school and college or specific technical credit courses taught by PHSC or other local institutions. These courses are counted toward high school graduation. In an effort to increase dual enrollment opportunities for students on our high school campuses, the District and Union agree to the following:

For college courses taught on a Pasco County high school campus, teachers will be paid a supplement of \$1350 per class each semester ~~\$50.00 per student bonus for each student who earns a final grade of "C" or higher at the end of the semester. Payment will be made after the semester ends and grades have been verified.~~ Supplements shall be in addition to any regular wage, supplement, or other bonus the teacher receives. ~~The teacher must be the teacher of record for the entire semester to be eligible for the bonus. In addition, bonuses will not be split among teachers.~~ Payment of such supplements shall be prorated and paid over the period of time serving as the teacher of record for the class.
